A photograph of three people in a NASA control room. On the left, a man with short brown hair, wearing a tan flight suit and a headset, is smiling. In the center, a woman with dark hair tied in a bun, wearing a dark jacket with a NASA patch, is smiling. On the right, a man with grey hair, wearing a tan flight suit with an American flag patch and a headset, is smiling. They are surrounded by various electronic equipment, including monitors and control panels, in a dimly lit room.

What I love to do

I love to boogie board especially when I have flippers.

I love Arvil Lavigne. She is a famous singer. I have got her album. She was born in Canada and she is 23 years old.

I love reading and when I'm reading I cant stop. I go to the library every four weeks and take out about 30 books.

I love my cousin's kitten Misty. She is a girl. I went to the SPCA with them and we picked her from 50 other kittens.

I love the computer and I like making power points.
