

ACE Learner Pathways Workshop

This half-day workshop is recommended for all staff involved in supporting adult learners in the enrolment and programme placement stages, and development of their learning plans.

At the end of the workshop, participants will be able to:

- Understand learner pathways
- Understand what the ACE Learner Pathways tool is and how to use it
- Describe what your organisation is doing to support learners and give examples of evidence that demonstrate this
- Develop a plan for improving your organisation processes for supporting learner pathways so that learners benefit from the changes
- Be awarded with the Adult and Community Education, Learner Pathways Certificate of Achievement
- Meet requirements towards achievement of the ACE Learner Pathways quality mark* for your organisation.

This workshop will be facilitated by Analiese Robertson who has attested expertise operating a local community learning organisation and has contributed to the creation of the ACE Quality Assurance framework, including leading the design and sector implementation of the ACE Teaching Standards and ACE Learner Pathways.
